

Dr. Tom Klein

Dr. Tom Klein graduated from Michigan State University in 1983 and began his veterinary career in large animal medicine in the farm country around Lancaster PA. After 4 years there, he and his wife Sue, (also a veterinarian) decided to open their own practice. Moving to Hilliard, OH, they opened East Hilliard Veterinary Services, a full-service veterinary hospital. He is currently an adjunct professor of veterinary dentistry at the School of Veterinary Medicine at The Ohio State University and also performs dental procedures at various zoos. Dr. Klein has lectured on veterinary dentistry all over the country and offers hands-on seminars for veterinary professionals in Ohio, Michigan, West Virginia, and Kentucky. In his spare time (what little there is) he is a marathon runner, an ironman competitor, a golfer, and an avid gardener.
